

# TEXTILE SERVICES ASSOCIATION SPRING CONFERENCE 2019

## A quick preview...

The Spring Conference is a new addition to the TSA's calendar. It is the first step towards fulfilling our ambition to deliver more informative content in our events, bringing more immediate value to our Members. It replaces the old SIG meeting format with rich and industry-based sessions, including project updates from our Knowledge Networks and technical talks.

We have listened to your feedback, and made sure to choose a central venue, accessible to as many Members as possible, and kept the costs low, but without compromising on quality. We designed this event with our Members in mind, to appeal to everyone from Manager to CEO. We want to make all the events we will be bringing you this year, unmissable.

Whilst we are putting the finishing touches to the list of speakers and running order, we wanted to give you a flavour of what to expect, so that you can already put the date in your calendar.

**The conference will take place on Wednesday 22 May 2019, bookings will open soon**

We are sure you will find the programme of the inaugural TSA Spring Conference refreshing and interesting. We are set for a 10:00am start and to close by 4:30pm, with sessions that will cover:

- Talk to us, open forum with the CEO and Chair
- The work of the TSA's Knowledge Networks
- Climate Change Agreements, what will happen after 2023
- Fire safety and prevention
- Charities in our sector, the Fashion & Textile Children's Trust
- Updates on training and apprenticeships
- RFID, is it still the way forward?
- Eco-Labeling, will the industry be forced down this route?
- An inspirational talk to energise you
- Displays from our Supply Partners
- Updates on the TSA's new calendar of events
